GSWA RESUMES CURBSIDE TRASH COLLECTION AND REOPENS RESIDENTIAL TRANSFER STATIONS AFTER TYPHOON MAWAR

(Guam, May 28, 2023) – The Guam Solid Waste Authority (GSWA) today announced that curbside trash collection will resume Monday, May 29, 2023.

While GSWA strives to service all areas, several roads and streets may still be blocked by debris, fallen vegetation, low powerlines, and power poles following the aftermath of Typhoon Mawar. GSWA will prioritize accessible routes and provide curbside collection services to those areas. GSWA will schedule additional collections to customers in inaccessible areas as roads are cleared.

If customers in inaccessible roads are able to bring their trash carts out to an accessible area, GSWA will make every effort to service their carts.

Customers are reminded to place trash carts on the curb the night before their designated collection day.

Additionally, to facilitate the disposal of accumulated waste from homes and post-typhoon cleanup, GSWA Residential Transfer Stations located in Harmon, Agat, and Malojloj will reopen Tuesday, May 30, 2023, seven days a week, from 9am to 5pm, allowing residents to properly dispose of trash.

GSWA Customer Service and Administrative offices have resumed regular business hours – Monday through Friday, 8am to 5pm.

“We understand the inconvenience and challenges faced by our customers during this recovery phase. Our team has been working closely to monitor road conditions and debris clearance efforts to extend our services to all affected areas. We appreciate your patience, cooperation, and understanding as we gradually restore full services,” said GSWA General Manager Irvin Slike.
