CLOSURE OF GSWA FACILITIES AND RESIDENTIAL TRASH COLLECTION DUE TO TYPHOON MAWAR

(Guam, May 22, 2023) – The Guam Solid Waste Authority (GSWA) today announced that due to the approaching Typhoon Mawar, the GSWA facilities will be closed, and all trash collection services will be temporarily canceled beginning Tuesday, May 23, 2022.

“To ensure the safety of our employees and customers, it is crucial that we take necessary precautions during severe weather conditions. We kindly request your cooperation and understanding during this time,” said GSWA General Manager Irvin Slike.

Please take note of the following important information:

GSWA Facilities: GSWA facilities, including Customer Service, Residential Transfer Stations, Commercial Transfer Station, and Layon Landfill, will be closed Tuesday, May 23, 2022, until the Governor declares Guam to be back in Condition of Readiness 4.

Residential Trash Collection: Trash collection services will be suspended beginning Tuesday, May 23, 2022, until Guam is placed back in Condition of Readiness 4. We urge all customers to secure their trash and recycle carts properly to prevent any potential hazards or loss.

Once Guam is placed back in Condition of Readiness 4 and it is deemed safe to do so, GSWA facilities will reopen, and trash collection services will resume. Please stay updated through the GSWA website for any further announcements, changes, or updates.
