## **CONTINUED DELAYS IN TRASH COLLECTION SERVICES**

**(Guam, June 4, 2023)** – The Guam Solid Waste Authority (GSWA) today announced an important update to residents regarding ongoing delay in trash collection services. GSWA appreciates your patience and understanding as we continue to face operational challenges, increased volumes, and blocked roads following Typhoon Mawar.

GSWA informs residents that if your trash is normally scheduled for pick up on Thursday, and it has not yet been collected, please leave your trash curbside as GSWA will make arrangements to collect the remaining on Monday, June 5, 2023. Our team has also revisited inaccessible areas to assess their status and attempted to provide service. Residents who are in areas that are still inaccessible will be attended to as soon as we gain access.

Additionally, delays in services for this upcoming week is anticipated as we continue to collect trash from all residents, including those who are not registered customers. We appreciate your cooperation and understanding.

Residents are also reminded that they can bring their trash to the residential transfer stations and dispose of it for free during this last week. Transfer stations are open 7 days a week, 9:00am to 5:00pm.

We thank you for your continued patience and understanding during this challenging time.

For the latest updates and announcements, please visit our website at [gswa.guam.gov](http://gswa.guam.gov).
