UPDATE ON SERVICE DELAYS FOR TRASH AND RECYCLE COLLECTION

(Guam, April 24, 2024) The Guam Solid Waste Authority (GSWA) is providing customers with an update on continued service delays.

Although GSWA is actively working to address these challenges and minimize disruptions as much as possible, delays will continue throughout this week for trash and recycle collections. Customers who have not yet been serviced are asked to ensure their carts are left curbside for when crews arrive.

Despite having necessary equipment to provide the services, GSWA is experiencing challenges with staffing shortages and personnel attendance. GSWA continues to recruit to fill vacancies and train additional staff to strengthen operational capacity.

While we strive to provide reliable services to the people of Guam, we understand that our current challenges may fall short of expectations. We want to assure our customers that we are dedicated to resolving these issues. We apologize for any inconvenience during this time and appreciate your cooperation and understanding.

Should you have any questions, please contact Customer Service at 671-646-3111.
