

PREVENTATIVE MAINTENANCE OUTAGE

DATE: Tuesday, September 16, 2025
TIME: 9:30 a.m. to 2:30 p.m. (5 Hours)

FEEDER: A portion of P-330
VILLAGE: Dededo (Machanao Area)

AREA: Customers affected are along Biradan Sumak, a portion of Kayen Tramohu, and surrounding areas.

SCOPE OF WORK: Relocating of power lines and transformer upgrades for system improvement.

WHY WILL MY POWER BE OFF?

GPA makes system improvements and conducts preventative maintenance to avoid future power outages. In most cases, the job can be done with no impact to customers; however, sometimes the power needs to be shut off in order for the crews to work safely. Isolating power lines are necessary for safety precaution. We understand that this can be inconvenient and uncomfortable. We are committed to keeping our customers and employees safe and we will turn the power back on as soon as we can.

WHAT CAN I DO?

- If you have a generator, make sure your main breaker is in the open position for the safety of our line crew.
- Have a plan for alternate power source for electrical medical equipment.
- Charge all cell phones.
- Minimize opening refrigerator and freezer doors during the outage.

FOR POWER EMERGENCIES, PLEASE CONTACT GPA POWER SYSTEMS CONTROL CENTER (PSCC) DISPATCH AT (671) 475-1472/3/4.

GPA appreciates your patience and cooperation.

Power to Serve!
