

## PREVENTATIVE MAINTENANCE OUTAGE

**DATE:** Friday, March 6, 2026  
**TIME:** 9:00 a.m. – 3:00 p.m. (6 hours)

**FEEDER:** A portion of P-340  
**VILLAGE:** Malesso' (Nelansa River Area)

**AREA:** Customers affected are along Joutan Lane and surrounding areas.

**SCOPE OF WORK:** GPA Line crew will be clearing vegetation from power lines along Joutan Lane.

While conducting vegetation maintenance, one lane will be closed, however traffic will continue to flow through the area using the remaining open lane.

Motorists may experience brief traffic delays while traveling through this area and are advised to use caution and adhere to traffic control signs and flagger instructions.

### WHY WILL MY POWER BE OFF?

GPA makes system improvements and conducts preventative maintenance to avoid future power outages. In most cases, the job can be done with no impact to customers; however, sometimes the power needs to be shut off in order for the crews to work safely. Isolating power lines are necessary for safety precaution. We understand that this can be inconvenient and uncomfortable. We are committed to keeping our customers and employees safe and we will turn the power back on as soon as we can.

### WHAT CAN I DO?

- If you have a generator, make sure your main breaker is in the open position for the safety of our line crew.
- Have a plan for alternate power source for electrical medical equipment.
- Charge all cell phones.
- Minimize opening refrigerator and freezer doors during the outage.

**FOR POWER EMERGENCIES, PLEASE CONTACT GPA POWER SYSTEMS CONTROL CENTER (PSCC) DISPATCH AT (671) 475-1472/3/4.**

GPA appreciates your patience and cooperation.

*Power to Serve!*
