

PREVENTATIVE MAINTENANCE OUTAGE

DATE: Friday, March 20, 2026
TIME: 8:30 a.m. – 2:30 p.m. (6 hours)
FEEDER: A portion of P-330
VILLAGE: Yigo (Agafa Gumás area)

AREA: Customers affected are along a portion of Chalan Santa Bernadita, Alacuna Avenue, Chalan Abubu, Chalan Kahet, Lila Avenue, Chalan Machananao Road, and surrounding areas

SCOPE OF WORK: GPA Line crew will be replacing corroded hardware and removing wooden poles and replacing them with concrete poles.

WHY WILL MY POWER BE OFF?

GPA makes system improvements and conducts preventative maintenance to avoid future power outages. In most cases, the job can be done with no impact to customers; however, sometimes the power needs to be shut off in order for the crews to work safely. Isolating power lines are necessary for safety precaution. We understand that this can be inconvenient and uncomfortable. We are committed to keeping our customers and employees safe and we will turn the power back on as soon as we can.

WHAT CAN I DO?

- If you have a generator, make sure your main breaker is in the open position for the safety of our line crew.
- Have a plan for alternate power source for electrical medical equipment.
- Charge all cell phones.
- Minimize opening refrigerator and freezer doors during the outage.

FOR POWER EMERGENCIES, PLEASE CONTACT GPA POWER SYSTEMS CONTROL CENTER (PSCC) DISPATCH AT (671) 475-1472/3/4.

GPA appreciates your patience and cooperation.

Power to Serve!
