GUAM SOLID WASTE AUTHORITY RETURNING TO CURBSIDE BULKY WASTE COLLECTION BY APPOINTMENT-ONLY EFFECTIVE JUNE 1, 2026

(Guam, May 18, 2026) – The Guam Solid Waste Authority (GSWA) announces that it will discontinue its bulky waste self-drop-off service at its residential transfer stations in Harmon, Agat, and Malojloj effective June 1, 2026. Customers requiring bulky waste collection services will once again utilize the curbside bulky waste collection program by appointment only.

The self drop-off service was launched in May 2025 as an alternative disposal option to address high demand for bulky waste collection services, as appointments at the time were often being booked several months in advance.

GSWA has made significant progress in reducing the backlog of appointments and improving scheduling availability for customers. As a result, GSWA will transition back to its standard curbside collection service. Residential customers in good standing will continue to be eligible for two (2) free bulky waste collections per calendar year by appointment of up to five (5) allowable items per pick up.

Non-GSWA residential customers may also schedule a curbside collection of up to five (5) allowable items for a fee of \$25.00.

For more information regarding acceptable bulky waste items or to schedule a bulky waste collection appointment, please contact GSWA Customer Service at (671) 646-3111 or email customerservice@gswa.guam.gov.
